

# Discipleship to Missional Community

## The Learning Community Journey

Your Learning Community journey with PLI lasts two and a half years and includes a total of five immersions. The immersions occur twice a year (approximately every six months).

At the end of every immersion, you will leave with an actionable six-month plan to implement at your congregation to incrementally achieve your Spirit-led goals.

We believe that the immersion and coaching experience provide the right combination of instruction and interaction for us to provide you the tools and lay a foundation for building a culture of mission in your faith community.

1

### Becoming a Discipling Leader

In this immersion, ministry couples & teams will recognize that the transition to becoming a discipling leader begins personally. They will have opportunity to see it, study it and experience a life integrated in discipling as they prepare to lead.

2

### Building a Discipling Culture

Ministry couples & teams examine current societal and church cultural trends and are equipped in a simple reproducible model of discipleship. Each leader is challenged to live lives worthy of imitation.

3

### Launching Missional Communities

Teams will learn how clusters of people can be formed to live "on mission" in a way that engages community needs and gives witness to the Gospel of Christ. Teams will identify the barriers that can crush missional initiatives and build strategy to sustain and reproduce missional communities that thrive.

4

### Multiplying Missional Leaders

In this immersion ministry teams will be equipped to develop a leadership pipeline that identifies, trains and releases leaders in their context.
