

Missional Leader

New eyes for the new world.

The Learning Community Journey

The Missional Leader Learning Community lasts two years and includes a total of four immersions lasting four days each. You'll leave with an actionable six-month plan to implement in your context and receive ongoing coaching between each immersion.

1

Missional Exploration

Understand your personal and baptismal identity in Christ as the springboard for healthy leadership. Explore your role as "chief advocate" for those who are far from God. Uncover the skills of seeking and listening as we stir a curiosity of what God is doing in your life, in your neighbors' lives, in your community and in your world.

2

Missional Living

Tackle the greatest leadership challenge in the church, embodying the mission. Explore the concept of a personal response to Jesus from a perspective of grace. Experience the joy in joining God in what He's doing. You will understand the power of personal response and the impact this has on creating a contagious missional life.

3

Missional Catalyst

As a missional leader, you will discover what it means to be a catalyst in every facet of your life. You will be challenged to consider: What in your life would you invite others to imitate for the sake of the Kingdom? Who would you willingly invite to get close enough to you so they could observe how you follow Jesus? Along the way, we will discover the richness of inviting others to imitate us and how it has power to multiply believers.

4

Missional Church

This module explores how to create a movement. You will examine how to lead change and move your people from organization to organism. You will discover how to use story to lead change in your role as Master Storyteller. We will reassert the power of the Word to do the work in transforming our churches into places where believers seek Jesus and listen to Him. You will leave the immersion with an 18-month Spirit-led plan unique to your context.
